IIS Insert Date

- Date of manual entry into imMTrax
-OR-
- Date of electronic entry into imMTrax (Electronic Data Exchanges, Conversion Data)

NOTE: Immunization information received electronically that is flagged for evaluation and placed in the merge queue will show an IIS Insert Date reflecting the removal date from the merge queue (merged or disassociated).

Last Update Date

- IIS Insert Date
-OR-
- Last date the immunization's edit page was accessed and saved
-OR-
- Last date the immunization was included in a record that was evaluated and removed from the merge queue (merged or disassociated)
-OR-
- Last date the immunization was manually merged or unmerged
